ABOUT WYATT AEROSPACE

Founded in 2006, Wyatt Aerospace has grown into a trusted global aviation partner serving airlines, MROs, distributors, and repair stations worldwide.

We specialize in sourcing and stocking high-demand aircraft components and managing comprehensive teardown operations with a service-first approach. Our experienced team understands the urgency of aviation operations and responds with speed, accuracy, and transparency.

When reliability matters, Wyatt Aerospace delivers.

- ILS Accredited Platinum Vendor

QUALITY, COMPLIANCE, AND
ACCOUNTABILITY DRIVE
EVERYTHING WE DO.

WHAT WE DO

Parts Sourcing & Inventory

We stock and source high-demand aircraft components for all commercial aircraft platforms. If we don't have it, we'll find it.

Aircraft & Component Teardowns

Our aircraft teardown operations maximize asset value, including platforms such as Boeing 747, 757, 767, 737; Airbus A330 and A320; and CRJ 200 regional jets.

Surplus & Consignment Solutions

Reduce overhead and improve cash flow through consignment and sale of surplus and obsolete inventory, including commercial and regional jet aircraft components, via our global sales channels.

AOG Support

24/7 AOG response with proactive communication from quote through delivery.
